Document purpose

To provide a concise, controlled overview of the organisation's capabilities, engagement model and compliance boundaries.

Scope and use

For prospective customers, suppliers, institutional stakeholders and approved partners. This document does not create a contractual commitment or guarantee product availability, licensing or market authorisation.

Prepared by	Corporate Governance	Approved by	Director
Review cycle	Annual or on material change	Next review	July 2027
Record status	Controlled master	Language	English

Core capabilities

- Defence and security sourcing support
- Protective equipment and mission-support requirements
- Controlled enquiry intake and end-use screening
- Supplier and integrator engagement subject to applicable controls

Compliance gates

- Classification of goods, software and technology
- Sanctions, destination, end-user and end-use screening
- Licence and undertaking requirements
- No transaction proceeds without required approvals

Engagement boundaries

- No weapons brokerage representation without lawful authority
- No circumvention of export controls or sanctions
- Controlled technical information shared only on need-to-know approval

How to engage

Send a clear requirement including product or service description, quantity, destination, required date, technical documents, end user and intended use where relevant. OLYVENRA will confirm the appropriate group company, review pathway and next documentation step.
